

CAUSE NO: 025925

DEFENDANT'S ANSWER

I deny the claims made by the plaintiff and assert that I fulfilled all contractual obligations. The plaintiff voluntarily removed his own complementary and necessary hardware before the project could be completed, despite having been informed of the outstanding labor balance.

I reserve the right to file a counterclaim for unpaid labor totaling \$1,385.60, which includes \$1,280.00 for 8 hours of completed labor and \$105.60 in applicable sales tax.

I also reserve the right to recover any additional court costs incurred as part of defending this matter and pursuing my counterclaim.
